

DAHLIA O. VERTREESE
MAYOR
HILLSIDE, NEW JERSEY

New Jersey and the Township of Hillside would not have the culture and foundations of freedom without the investment of its Veterans. From the American Revolution to present conflict, Veterans represent the best of humanity.

The United States has over 20 million veterans throughout the world. Abroad our Veterans learn new languages, show compassion and restraint even when leaders lose sight of what it means to be American.

At home, Veterans can be counted upon to support us in broader terms of first responders and many other professions. Veterans continue to give as teachers, mentors and are constant reminders that we are all responsible to protect our creed no matter our idiosyncrasies.

Thank you is not enough to express our gratitude for the price you and your families have paid and continue to pay so we all may invest and strive to be our best selves as a shared humanity.

Thank You

Dahlia O. Vertreese
Mayor
